## OCCUMED OF NEW ENGLAND

OccuMed of New England formed as a division of United Alliance Services Corporation to assist clients with growing health and safety regulatory requirements by providing guidance on issues pertaining to employee safety and health.

Andrea has worked for a number of years for an Ambulance Service as an EMT. As a member of the OccuMed of New England EMT staff, Andrea is responsible for responding to both non-emergent and emergent requests for medical services, while providing patient care in the pre-hospital environment.

Some of the services our EMTs provide are:

- Conducting medical examination and screening of patients consistent with company Protocols.
- Administering patient care as required by Massachusetts Statewide Treatment Protocols / company policies.
- Delivering quality patient care in accordance with clinical policies, statewide protocol, and standards of care.
- Observes, records, and reports to physician, patient's conditions, and reaction to drugs, treatments, and significant incidents.
- Covid-19 Screening
- Administer Flu Shots
- Fit Testing
- Pre Hire Screening
- Client Security Badging
- Response Drill Support
- First Aid/AED/Eye Wash Monthly Inspections
- Fire Extinguisher Monthly Inspections
- Hot Work Permit/Fire Watch
