## ABOUT

As the Assistant Director of Clinical Operations, Elizabeth plays an integral role in the day to day operations of the OccuMed clinic and clinical support staff. She collaborates with the management staff to assure the OccuMed clinic operates in accordance with the mission and objectives set by the company. She administers all testing services including COVID Testing, Respiratory Fit Testing and Drug Testing.

Along with assisting with the clinic, Elizabeth plays a key role in organizing and conducting all on-site client testing events. She is responsible for ensuring that all testing tasks are completed in an accurate and timely manner during the event.

In her previous role, Elizabeth was a member of the OccuMed EMT staff, responsible for responding to both non-emergent and emergent requests for medical services, while providing patient care in the pre-hospital environment.

Some of the services she provided included:

- Conducting medical examination and screening of patients consistent with company Protocols.
- Administering patient care as required by Massachusetts Statewide Treatment Protocols / company policies.
- Delivering quality patient care in accordance with clinical policies, statewide protocol, and standards of care.
- Observes, records, and reports to physician, patient's conditions, and reaction to drugs, treatments, and significant incidents.
- Covid-19 Screening
- Fit Testing
- Pre Hire Screening
- Client Security Badging
- Response Drill Support
- First Aid/AED/Eye Wash Monthly Inspections
- Fire Extinguisher Monthly Inspections
- Hot Work Permit/Fire Watch

Elizabeth has an exceptional attitude and demeanor with the patients, clients or customer. She is a dedicated worker who takes ownership of her role and is willing to go above and beyond the responsibilities to ensure the needs of OccuMed clients are met.
